

Redefining
the shape
of fitness...

SKYLINE Strength™
S E R I E S

Time for *Fresh* Ideas Redefining Design

Great design is measured
by its emotional impact
on the individual.

The Skyline Strength Series is designed to
motivate, inspire, captivate and energize the
individual to new levels of health and wellness.

Featured Model
SL.230 Weight Assisted Chin/Dip

The *Eye* Creates Desire

Redefining Beauty

Once your eye captures the profile of the Skyline Strength Series, you can't help but stare.

The balance and symmetry of each unit is apparent. Every line, radius and curve is purposely placed to excite the visual senses. High end finishes — including aluminum and stainless steel — are abundant on each unit, inviting you to take a closer look.

Featured Model
SL.030 Pec/Rear Deltoid

Because *You* Deserve It

Redefining Comfort

The highest quality luxury materials are selected throughout the Skyline Strength Series.

Premium upholstery, silky soft frame finishes and machined aluminum grips and components give the ultimate in tactile satisfaction, smoothness and comfort.
